

Bluewater Builders, Inc.

Before you make the commitment of a lifetime, call Bluewater Builders! We are a full-service construction company, catering to the individual needs of customers throughout the Southern Outer Banks of North Carolina. Our owners have built residential and commercial projects throughout coastal North Carolina since the 1970's. Over the years, we have earned the reputation of providing quality workmanship and outstanding service in the construction communities of Carteret and Onslow Counties.

In addition to our development projects in the Emerald Isle area, Bluewater Builders has built hundreds of custom-built homes ranging in price from \$80,000 to \$3 million! Exceptional value was built into each home, no matter what the price range. Bluewater has seen many builders come and go over the years, but we continue to grow with a full-time construction staff and crew of over 20 people. Our company motto has always been "Satisfied customers come back...again and again... and bring their friends."

Bluewater Builders stand behind their reputation and are ready to provide, upon request, a free building plan analysis and quote! We look forward to hearing from you soon. We will do all we can to make the building of your dream home an enjoyable and profitable experience!
