The Southern Outer Banks is beautiful in our off-season - fall, winter and spring! Many homes and condos that rent weekly during the summer are available for extended stays from September 1st - April 30th (availability dates vary per property). Fishing heats up in the fall! Enjoy such local favorites as flounder, trout, mullet, spot, shrimp, oysters, clams, scallops, and many other delights from our local waters. The weather is still warm and that means you can enjoy the warm Atlantic into the month of October!
